

The following e-books are included in English Made Easy for use by anyone using the program. There are a total of 519 e-books available. Many e-books (like the Vocabulary Collection of 72 e-books, the Narrative Collection of 99 e-books and the British Council Collection of 19 e-books) can be used by both children and adults.

Each collection description also includes a Flesch Reading Ease measure for each e-book. Flesch Reading Ease measures how easy or difficult a text is to read.

The Flesch Reading Ease Scale measures readability as follows:

- 100: Very easy to read. The average sentence length is 12 words or fewer, with no words of more than two syllables.
- 65: Plain English. The average sentence length is 15 to 20 words long and the average word has two syllables.
- 30: Harder to read. Sentences will have around 25 words and most of them will have two syllables.
- 0: Very hard to read. The average sentence is 27 words long and the average word will have more than two syllables.

The *higher the rating*, the easier the text is to understand.
